**Four ways**

**to communicate**

**with people affected**

**by deafness during Covid-19**

**Use a visor  
rather than a mask**

so the person can lip read

.....

**Reduce distance  
to 1 metre**

if the person is using hearing aids

.....

**Consider using  
a portable hearing loop**

or microphones/receiver technology

.....

**Write it down**

Use a pen or type it on your phone  
Text, email and use e-notetaking  
Video-conference with captions
